Student Disability Services (SDS)

Homewood – Summer Programs Overview
Who is SDS?

SDS supports students with disabilities through facilitation of accommodations in various settings throughout the campus. Our SDS professional staff provide guidance and consultation to students and faculty and collaborate with campus partners to identify and remove barriers to help promote an inclusive environment for all students.

SDS has 4 Hubs throughout Johns Hopkins University to service students:
Could SDS Support Me?

AND MORE!!
How Do Students Request Accommodations from SDS?

► New students can begin the process of working with SDS online: Application form in AIM.

► At the time of request, students indicate their disability or disabilities, request specific accommodations, and upload supporting documentation (guidelines are on SDS website) that indicates how their disability impacts them.

► SDS staff will meet with the student to determine possible accommodations before issuing accommodation letters.
