Form for student to sign out of EI program and leave EI campus without EI or Summer Discovery supervision.

We encourage residential students to remain on campus for the entirety of the program. In the case of extenuating circumstances or emergencies, the parent/guardian on record for the student may submit a release form as outlined below. Leave requests must come from the parent/guardian listed in the student's application; requests received from anyone else will be denied. Requests conflicting with required academic programs should be carefully considered as missing class may impact the student's overall course performance.

This form must be submitted at least **48 hours** prior to student departure. Exceptions for emergencies will be considered. I give permission for my child, _____, to leave the Johns Hopkins Engineering Innovation program without being signed out by a parent or guardian. I understand that if my child leaves the campus without signing out, they may be sent home from the program without a refund. I understand that no exceptions will be made without prior approval from the Engineering Innovation Academic Program Manager, and I fully accept these terms.

I understand that during the time my child is away from the program, Johns Hopkins University and Summer Discovery are not responsible for his or her supervision, and I hereby release forever Johns Hopkins University and Summer Discovery from any responsibility for my child when they are away from the program; this includes other activities held on campus but are not organized by Engineering Innovation and Summer Discovery. I understand that if my child leaves the program and chooses to miss activities and/or meals, that these expenses are not reimbursable. I further acknowledge that my child will continue to follow and abide by the rules and regulations of EI and Summer Discovery at all times for the duration of the program, on and off campus.

Please check the appropriate box:
