How Do Students Request Accommodations from SDS?

complete this process as soon as possible

New students can begin the process of working with SDS online by following these steps:

1. Complete the **SDS online application** through our university-wide database, Accommodation Information Manager (AIM).
 - Select "EP – Engineering for Professionals (WSE)" as Primary School
2. Submit documentation after you submit the application.

Documentation is used to support the interactive process of exploring accommodation and services that will remove barriers. Our **Documentation Guidelines** provide information about what is needed to establish eligibility for services, and our **Documentation Form** can be completed by a qualified professional/provider. There is also **link to a web version of the form** that can be printed out.
3. **Schedule an Initial Meeting** to discuss your needs as well as potential accommodations and services.

Sign Out or Leaving Campus

The Engineering Innovation Pre-College programs are meant to foster an environment of independence and growth. With that notion in mind, we encourage you to focus on your program and your on-campus experience. We encourage FaceTime or Zoom for face-to-face check-ins and daily text updates. Our staff will take great care of each and every student participant.

Only individuals 25 years or older who are pre-approved by the parent/guardian via the official Permission to Leave Campus form submitted may check a student out.

Check-Out Request Process

- A Permission to Leave Campus Form must be completed by the parent/guardian at least 48 hours in advance, specifying the departure and return times. Requests must be approved by either Engineering Innovation or Summer Discovery staff prior to check-out.
- The authorized individual must present a government-issued photo ID when checking the student in/out.
- Check-out and check-in must occur at Wolman Hall, where Summer Discovery staff will verify identification and require signatures from both the authorized individual and the student.
- Failure to adhere to check-out protocols may result in immediate expulsion from the program.
